1. Introduction

- 1.1 Any modern and diverse organisation faces many risks, including the occurrence of incidents that can harm the company's reputation, assets and the welfare of its employees. It could be criminal activity, fraud (i.e. intending to obtain benefits through dishonesty or deception such as bribery, conflict of interest, theft etc.), trafficking, damage to property or something more personal such as discrimination or harassment. These incidents can arise out of improper behaviour or a deliberate violation of policies and need to be managed effectively to limit the impact to businesses and employees.
- 1.2 DP World Group (the Group) is committed to conducting its business with the highest standards of honesty and integrity. It has an external and independent whistle-blowing hotline to provide all stakeholders (internal and external) with a free and confidential reporting mechanism, without any fear of retaliation.

2. Purpose

- 2.1 This policy aims to provide the means and appropriate communications, and to encourage and provide staff the confidence and guidance to report all genuine suspected wrongdoing, dishonesty and fraudulent matters, in a timely manner. In accordance with the policy procedures, DP World will investigate these concerns in an effective and confidential manner, giving appropriate protection to the identity of the informant as required.
- 2.2 This policy presumes that such reports of wrongdoing will be made in good faith and not maliciously, recklessly or for personal gain. Any such reports that are not made in good faith, may be subject to action under DP World disciplinary procedures.
- 2.3 Where a concern involves or relates to a personal Human Resources issue or grievance, the DP World Employee Handbooks provides procedures and details for the appropriate steps to follow.
- 2.4 For the purposes of this policy, the definitions of 'whistleblowing and 'whistle blower', as well as other relevant terms, are set out under Section 6 'Definitions and Terms'.

3. Scope

- 3.1 This policy is applicable, effective immediately, to DP World employees, its subsidiaries, and any company or entities managed or operated by them, including consultants, contractors, home workers, part-time and fixed-time workers, casual and agency staff and volunteers. It is publicly available on the intranet and internet.

Protection/Confidentiality:

5.5 This policy is written with all the provisions for confidential and anonymous reporting, as it is important for staff to feel secure in this reporting environment. However, this policy discourages employees to make anonymous complaints, as it may be difficult to pursue further vital information.

- 5.6 Any report of information received through the above mechanisms will be kept confidential, and any details pertaining to any possible matter of fraud or other wrongdoing, will only be conveyed to those people who require the knowledge in the proper performance of their office or function.
- 5.7 It is worldwide understood that 'whistle blowers' can be negatively portrayed as someone who is 'informing on their own', is a 'spy', or that they might be revealing information that has significant and serious repercussions for the accused. As such, they might be fearful for reporting information in the worry of being subject to repercussions and retaliation such as intimidation, harassment, dismissal or even violence from their colleagues or superiors.
- 5.8 DP World acknowledges this concern and will not tolerate retaliation of any kind relating to informing parties. They will also support staff who raise genuine concerns in good faith under this policy, even if the information is not established as a fraud or other wrongdoing. Staff must be assured that they will not be victimized or disadvantaged in reporting a breach and any person who considers they are being victimized or disadvantaged because of such reporting, should in the first instance contact the Group Head of Fraud Risk Services.
- 5.9 Where evidence is found to suggest that efforts had been undertaken by any other person, to identify the reporting party of 'whistleblowing' information, that person will be subject to disciplinary action, as deemed necessary.
- 5.10 If any reporting party believes they have become the subject of any retaliation, they are entitled to submit a formal retaliation complaint. This should be made within 6 months of the initial retaliation, or if multiple occasions, within 6 months of the last incident and will be investigated by the relevant HR Department.

Investigation:

- 5.11 Strict confidentiality and objectivity concerning the complainant and the information will be maintained at all stages of the investigation, as per the guidelines of the 'Investigations Procedures'.
- 5.12 Information reports will be individually categorized depending on the information received and the level of fraud or other wrongdoing identified. All reports will initially be investigated by the Fraud Risk Services team or delegated personnel, and the outcome of each recorded in an investigation report, a summary of such compiled in accordance with the Fraud Management Framework policy and procedures.
- 5.13 Feedback on the investigation outcome can be given to the complainant, but only if contact details are released to the Group Head of Fraud Risk Services. However, DP World cannot guarantee the outcome of the investigation is the result the informant might be seeking, and stand by the right of final decision.
- 5.14 For further clarity on fraud information reporting and investigations, please refer to DP World 'Fraud Policy'.

Records and Monitoring:

- 5.15 DP World Group Fraud Risk Services shall retain all records relating to the reports for a period of no less than 10 years. Access to these records is strictly restricted to authorized management and staff under the guidance of the Group Head of Fraud Risk Services.
